4. Symbol, Tendemane, and Ausdemanteal

Analysis of the "Kommunikation" (Wörterbuch) and the "Kommunikation" in Moment, Word, and Psychosocial Environment.

5. Allogene Text and Praxed

Writings in the "Kommunikation" handbuch and in other works. The connection and transformation of the psychosocial environment.
6. Knowledge "of Preposition" Representation

- A representation of words that modify and depend on the semantic meaning and structure of the sentence. It helps to understand the relationships between words and phrases in a sentence.

- Represents the knowledge of how prepositions work in a sentence, including their placement, meaning, and the words they modify.

- Includes examples of prepositions in different contexts and how they contribute to the overall meaning of a sentence.
